

4th Congress on Steroid Research

CSR 2018

July 8 – 11, 2018 • Seoul, Korea

The meeting brings together the interdisciplinary nature of steroid research, involving aspects of bio-analytics, molecular biology, medicine, and drug discovery from around the world to share ideas.

- **CSR 2018 President:** Man-Ho Choi (Korea)
- **Chairperson of the CSR:** Jerzy Adamski (Germany)
- **Keynote Speakers:** William Rainey (University of Michigan, USA)
Trevor Penning (University of Pennsylvania, USA)

● **Invited Speakers:**

Paul Anderson (Australia)
Uta Ceglarek (Germany)
Bon-chu Chung (Taiwan)
Jan-Åke Gustafsson (USA)
Yoshio Katayama (Japan)
Do-Yup Lee (Korea)
Stephen Plymate (USA)
Roland Schüle (Germany)
Stefan Wudy (Germany)

Yoon Ju Bae (Germany)
Shiuan Chen (USA)
John Cidlowski (USA)
Martin Hill (Czech Republic)
Brian Keevil (UK)
Diana Márquez-Garbán (USA)
Eric Prossnitz (USA)
Amanda Swart (South Africa)

Kristy Brown (USA)
Kyung-Chul Choi (Korea)
Paul Foster (UK)
Satoshi Inoue (Japan)
Jung Hee Kim (Korea)
David Moore (USA)
Hironobu Sasano (Japan)
Hirotoshi Tanaka (Japan)

Deadline: Abstract submission (April 9th, 2018)
Early Registration (April 9th, 2018)

Keynotes, plenary lectures accompanied by short oral presentations and a comprehensive poster program will address the following themes:

- Germany-Korea Joint Session: Steroid Analytics in Clinical Practices
- Steroid Metabolism I: Sulfotransferase
- Steroid Metabolism II: HSDs
- Endocrine Disrupting Chemicals
- Inhibitors of Steroid Metabolism and Signaling
- Receptor Action
- Steroid Analytics
- Vitamin D
- Integrative Hypotheses
- Steroid Signaling
- Cancer
